## STRUCTURAL REVIVAL

Postural alignment can be affected by natural ageing, behavioural patterns and trauma and can manifest in a myriad of ways from tightness, limited mobility and chronic pain. The Structural Revival program assists in realigning the body and improving posture to reduce tension, rehabilitate injuries and restore a higher level of function and vitality. Revival Exercises with physiotherapists as well as one-on-one Pilates strengthen the body and stabilise joints, while holistic therapies such as myofascial release, assisted stretching and massages release tight muscles, restore movement and promote relaxation. This functional program promotes blood circulation, organ function and energy flow, positively impacting your emotional and psychological wellbeing.

## BASIC DETOX & REJUVENATION

When we eat well and our organs are functioning at optimal levels, we eliminate toxins naturally. However, when this is reversed, a state of chronic toxicity occurs. The Basic Detox & Rejuvenation program incorporates detoxifying herbal supplements and remedies with a series of therapeutic treatments including Colon Hydrotherapy to enhance the detoxification process. By using warm water to gently cleanse the large colon, colon hydrotherapy improves liver, lymphatic and capillary function and allows nutrients to be more efficiently absorbed. This is Kamalaya's mid-level detox program and is recommended to reduce inflammation, relieve headaches and joint pain, stabilise mood, and increase energy and vitality.
