DETOX & GUT RENEWAL

INTEGRATIVE HEALING
WITH HOLISTIC THERAPIES

INTRODUCTION TO DETOX

Kamalaya's approach to detox is aligned with Asian healing principles that see fasting as potentially depleting, preferring a nourishing and nurturing form of the deeply cleansing process. The Introduction to Detox program is ideal if you are new to detoxification, have limited time or seeking a seasonal reboot. It features Kamalaya's low-inflammatory plant-based detox cuisine and a series of soothing and gentle treatments to safely eliminate toxins. Lymphatic drainage therapy, Chi Nei Tsang abdominal massage and far infrared therapy support the organs in the process of eliminating toxins while also improving circulation, digestion and optimal weight; cleansing the body, mind and spirit.

BASIC DETOX

When we eat well and our organs are functioning at optimal levels, we eliminate toxins naturally. However, when this is reversed, a state of chronic toxicity occurs. The Basic Detox program incorporates detoxifying herbal supplements and remedies with a series of therapeutic treatments including Colon Hydrotherapy to enhance the detoxification process. By using warm water to gently cleanse the large colon, colon hydrotherapy improves liver, lymphatic and capillary function and allows nutrients to be more efficiently absorbed. This is Kamalaya's mid-level detox program and is recommended to reduce inflammation, relieve headaches and joint pain, stabilise mood, and increase energy and vitality.

MEDICAL INSURANCE COVERAGE

Kamalaya's Wellness Sanctuary operates under a multi-speciality wellness clinic medical license governed by the Ministry of Public Health in Thailand.

This means that guests with comprehensive medical insurance coverage may be able to reimburse some of the treatments and therapies including doctor consultations, physiotherapy, Thai traditional medicine (TTM), traditional Chinese medicine (TCM), ayurveda and supplement prescriptions that are available at Kamalaya. The ability to do this will largely depend on the type of medical insurance that you maintain.

Please verify with your insurance provider what treatments and therapies can be covered under your plan. Our wellness hosts will be happy to assist you with the necessary paperwork to process insurance claims.
